W476 Outlast Balancing Beam

Recommended Use

The light sturdy Balancing Beams are a safe challenge for two year olds and match the 4" height of the lowest riser.

For ages 24-36 months

⚠ WARNING

- ▲ This product is intended for use by children of immature judgment and therefore adult supervision is required at all times.
- ▲ The Toddler Balancing Beams are part of an open-ended large muscle play system. Children can place this product in combination with other objects to create an injury hazard.
- ▲ Caregivers are responsible that platforms and beams are configured to support age-appropriate challenge.
- ▲ Prevent injury. Maintain a clear use zone of at least 36" around product.

Maintenance

Acetylated wood weathers a natural silver-gray if left untreated, outdoors. If you prefer the original look, scrub with a bleach or detergent solution. When dry, apply a tinted, nontoxic penetrating stain, then apply a nontoxic mildewcide to minimize mildew growth.

Periodically inspect for splinters, broken or loose parts, and/or malfunctions. Remove from service when any condition develops that might make operation unsafe.

Cleaning

Mud and dirt can be removed with scrub brush and water. Over time in outdoor settings surface may blacken with mildew. A bleach solution or safe detergent can be used to remove blackness.

Construction

The wooden components are manufactured from long lasting acetylated wood and finished with a tinted nontoxic stain. All edges and corners are rounded for safety and ease of cleaning.

Stainless steel hardware is used throughout and plastic components are formulated to ensure long life in outdoor environments.

User Modifications

We are not responsible for modifications made by customers to our products in the field, without our supervision, testing or evaluation.

Ordering Parts

To order replacement parts, contact Customer Service with a description of the part(s) needed and the ID code from the product.

Use only replacement parts supplied by Community Playthings.
